Mulhall's Expose Tells a Startling Story of Alleged Misconduct of High Officials

CHICAGO, June 30.—A sensational exposure of the lobby at the national capital was published by the Chicago Sunday Tribune in which Col. M. M. Mulhall makes public the alleged operations of the National Association of Manufacturers, in relation to national legislation. Colonel Mulhall declares that this association of which for ten years he has been a confidential agent, and which represents business organizations capitalized at a total of ten billions of dollars and employs five million men, maintained a lobby at Washington, having "dealings" with many prominent members of congress and having paid money to a number of them. Not only is it charged that money was paid for political and legislative services, but that additional sums were paid into the campaign funds of members subservient to the association, and others not subservient were blacklisted. Congressman Cooper of Wisconsin is mentioned in the black list.

Among the men with whom Colonel Mulhall says "the lobbyists had dealings" (there is no charge of money paid to these men) are the late Vice-president Sherman, Senator Knute Nelson, of Minnesota; former Congressman James A. Tawney and J. Adam Bede, of Minnesota; Senator Isaac Stephenson, of Wisconsin. Others under this heading are ex-Speaker Cannon, former Senator Foraker, Ohio; Senators Lodge, Aldrich, Townsend and Gallinger, former Congressmen McKinley, Greendall, Daltell, Scott and Fowler; Ambassador Curtis Guild and many others.

Says These Took Money  
Among the men "who received financial reward for services rendered or for political purposes from the national Association of Manufacturers while in office" was former Congressman John J. Jenkins of the Eleventh Wisconsin district. Perhaps the most sensational portion of this category is that which charges former Congressman James E. Watson (Rep.), "whip" of the house of representatives from 1902 to 1908; republican candidate for governor of Indiana in 1908; floor leader of the national convention in 1912 and a possible candidate for the presidency in 1916, with having received a reward for services rendered the national association while he was an active member of congress.

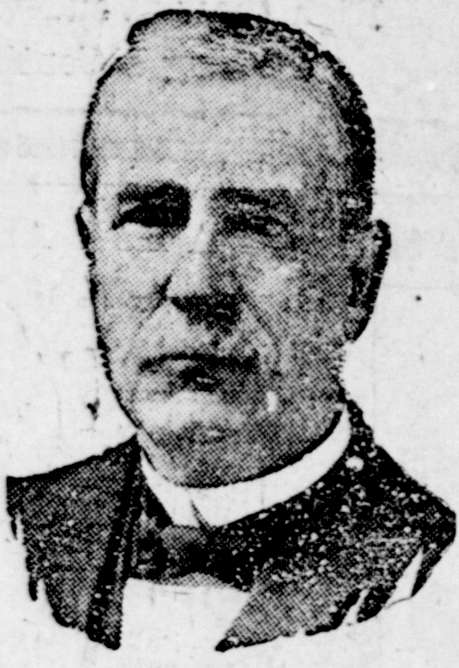

Others mentioned as having received pay for services or money for political purposes are Congressman James T. McDermott, of Chicago; the famous ex-Congressman Charles E. Littlefield, of Maine; former Congressmen Haskins, Vermont; Bangdon, Ohio; Coudrey, Missouri; Gardner, New Jersey; Cole, Ohio. McDermott, elected as a labor representative from the stockyards district of Chicago, is charged with having secretly been the tool of the employers, and hostile to the interests of his labor constituents.

Mulhall has for ten years been a lobbyist, field worker and strike breaker for the National Association of Manufacturers, and those whom he accuses are today saying that his assault upon them is the result of anger over being discharged by the association.

Colonel Mulhall's list of seventeen men of national note who are classed as lobbyists, among them H. E. Miles of Racine, who is charged with having been instructed to pay former Congressman Watson money for services rendered as a lobbyist.

There are eleven specific accusations regarding the character and activities of the lobby, perhaps the most sensational being that "the National Association of Manufacturers was solely responsible for the creation of the tariff commission during the Taft

### OVERMAN TAKES STRONG STAND

Says Committee Will Go to Bottom of the Mulhall Charges Beginning July 9

Watson Admits Part  
INDIANAPOLIS, Ind., June 30.—James E. Watson, republican house leader and former congressman, admitted today that he received money from the National Association of Manufacturers for talking in behalf of a tariff commission during the special session of 1909 as charged by Colonel M. M. Mulhall in New York. He denied, however, that the manufacturers' association contributed to his campaign fund in 1908, when he ran for governor of Indiana.

"No doubt members of the national association contributed to the fund, but if they did it was as individuals, said Watson. Because he did not have the full text of Mulhall's charges Watson would not answer in full today, but he intimated that Mulhall was "sore" over his recent discharge as lobbyist for the association.

WASHINGTON, June 30.—Congress took the first step today in what promises to be an expose of one of the greatest political machines in the history of the country when Chairman Overman of the senate lobby investigating committee called an executive meeting of the committee to consider the amazing confession of Martin W. Mulhall, agent for the National Association of Manufacturers.

Call for Mulhall  
Just before the meeting, Overman announced that the committee had already subpoenaed Mulhall to appear when the committee again takes up its sittings July 9, and after the executive session, further subpoenas for "every witness directly connected with Mulhall's narrative" would be issued. John Kirby, Jr., president and guiding light of the National Association of Manufacturers, mentioned repeatedly by Mulhall, is to be among the first witnesses to be called.

"We will sift the whole affair to bottom," declared Overman. "We will call every man named by Mulhall, no matter whether they are present or past congressmen, or business men.

"I do not want to express any opinion as to the truth of Mulhall's story, but it is so circumstantial in detail that it must be threshed out minutely. The committee does not propose to leave in the dark any detail of his amazing narrative."

When the subpoenas are issued today by the committee they will contain the names of men long in public

## TWO DEAD—EIGHT OVERCOME IS TOLL OF HEAT IN CITY

Arthur R. Kinnerney and William G. Hill Are Killed Saturday by Sunstroke

### EIGHT PROSTRATED—WILL LIVE

Back of Hot Wave Is Broken Today and Weather Bureau Promises Relief

### THERMOMETER SOARS AND DROPS

Goes Past 100 Degrees Saturday and Sunday According to Unofficial Mercury Readings

"Two people are dead and seven are prostrated as a result of the sweltering heat which held La Crosse in its grip Saturday and Sunday. The official record of heat yesterday at the government weather bureau sets the high point at 96 degrees, but in the downtown district several thermometers were observed to have passed the 100 degree mark by 10 o'clock in the morning.

The Victims  
The dead:  
Arthur R. Kinnerney, 1739 Badger street.  
The prostrated:  
Mrs. Frank Winters, 1625 Madison street.  
Mrs. J. A. Tewel, Fifth and King streets.  
John Kerrigan.  
Nels Forseth, 616 Mill street.  
Charles Groth, 133 South Fourth street.  
Mrs. Frances Koenig, 515 North Twelfth street.

Two other cases were reported but the names of the victims were not learned. The physician who attended the cases said that neither was serious.

Arthur K. Kinnerney was the son of Mrs. A. L. Kinnerney, 1739 Badger street. He was an inmate of the West Salem insane asylum. He was stricken Saturday morning, and died in the afternoon at the asylum infirmary. The body was brought to La Crosse Saturday evening. Funeral services will be held at the house tomorrow afternoon at 3 o'clock.

Dies Enroute to Hospital  
William G. Hill, a track laborer for the Burlington railroad was stricken at 4 o'clock Saturday afternoon while working on double tracking at Calvert, five miles south of La Crosse. Immediately after Hill dropped, he was placed on a light engine and a race to a hospital in La Crosse began. Hill died before the engine reached the city.

Mrs. Frank Winter was overcome while baking Saturday afternoon. She is reported to be out of danger today. Of the other prostrations, all but one are said to be not serious, the patients being on the road to recovery today.

Mrs. Frances Koenig, 76, was stricken by paralysis, induced by the extreme heat, at 5:30 this morning, at the home of her daughter, Mrs. W. R. Owens, 515 North Twelfth street. It is feared that she may not recover, owing to her age.

The intense heat yesterday sent throngs of people to the river, and the bathhouse in Pettibone park did a record-breaking business. At the churches in the morning attendance was scant, and many of the men took off their coats for greater comfort. One boy, whose name could not be learned, collapsed at early mass in St. Joseph's cathedral.

The heat Saturday and Sunday surpassed all records for the year. At 4 o'clock Saturday afternoon a temperature of 97 was recorded, and at 2 Sunday afternoon the thermometer had hit 96 degrees. These are official temperatures registered at the weather bureau, but in the downtown district yesterday afternoon several thermometers registered a temperature of 105 degrees.

The back of the heat wave was broken this morning. The highest temperature reached today was 88 degrees at noon, and the weather bureau promised cooler weather for this evening and tomorrow.

CHICAGO, June 30.—The heat wave that has gripped nearly the entire area lying between the Alleghenies and the Rockies will be broken tomorrow. Forecaster Cox and the observer at Washington both gave assurance today that cool and cloudy weather will supplant the torrid spell within the next 24 hours.

There was little change in the conditions today. Chicago, Milwaukee, Cleveland and cities bordering on the lakes were favored by light breezes that served to alleviate the suffering but in the interior the thermometer was reaching toward 90 again early today.

Twenty-two deaths and thirty-six prostrations was the result of a sizzling Sunday in the west and middle west, reports today showed, and twenty-three more lost their lives by drowning.

Nearly a score of cities, most of them inland, reported temperatures

## THREE LOSE LIVES IN THE RIVER TWO VICTIMS TAKEN BY HOT WAVE ONE FOUND DEAD—ONE A SUICIDE

### HEAVY TOLL OF LIFE IS TAKEN BY EXTREME HEAT

### GRIEF OVER WIFE CAUSE OF SUICIDE

Wenzel Breidel, County Employee, Hangs Self at Barre Mills; Believed to Have Been Insane

### WIFE DROWNED FIVE YEARS AGO

Body Discovered by Farmer; Coroner and Under-sheriff Go to Scene in Auto

Grief over the death of his wife, which occurred five years ago, is the reason given for his suicide today by the friends of Wenzel Breidel, who was found hanging to a tree at Barre Mills early this morning. He had hanged himself with a harness strap. Mrs. Breidel in a fit of temporary insanity drowned herself in a well and her husband is said to have brooded over her death ever since. His actions particularly the past month have been peculiar. It is said that at times he would turn and leave if anyone spoke to him. It is believed that the intense heat of the last three days may have had its share in driving him insane.

Mr. Breidel was known to his friends as an industrious and sober man, seldom, if ever, taking a drink. Breidel's body was found by a farmer hanging to a tree near Henry Rhodes' saloon at six o'clock this morning. They telephoned to Coroner Herman Langstadt, of this city, who together with Under-sheriff Geo. Ritter went to the scene in an automobile. Coroner Langstadt cut the body down and pronounced it a case of suicide and declared it unnecessary to call a jury. He had taken the rein from a harness, thrown one end over a limb of the tree and looped the other end around his neck. He stood on some blocks of wood while tying the knot and then stepped off into eternity.

Wenzel Breidel was forty-four years of age and was born and reared on a farm in Mormon Coulee. Since the death of his wife he has been employed by the county in building roads. He is survived by his father, a farmer in Mormon Coulee, brother, John Breidel, of this city, and two daughters, one of whom lives in La Crosse. The body was brought to the Miller Brothers' undertaking parlors in La Crosse. The funeral arrangements have not been completed.

### EUGENE LUENING TO WED CHICAGO GIRL

Eugene H. Luening, son of Wm. Luening, president of the board of education, left for Chicago Saturday night, where he will be married to Miss Margaret Detmers, daughter of Mr. and Mrs. Henry Detmers, 3152 Cambridge avenue. The wedding will take place Wednesday evening and will be attended by Mr. Luening's parents and his sister, Miss Alfreda Luening, of this city. The bride-to-be is a niece of Mr. Leonard Frey, of La Crosse, and is well known to a large circle of acquaintances here. The young people will make their home in La Crosse.

### FIVE GET JOBS AT THE POSTOFFICE

The following appointments were announced at the postoffice today, as the result of the recent civil service examinations: Substitute clerks, Forrest N. Clark and Chas. B. Jansky; substitute letter carriers, Oscar L. Dean, Edwin A. Daniels and Peter M. Chose. The new men will go to work tomorrow.

### McLAUGHLIN IN FINALS

LONDON, June 30.—Maurice E. McLaughlin of California, the American tennis champion, today qualified for the finals in the matches for the British title by defeating J. C. Parke in three straight sets. Parke is the Irish and Scottish champion. The score by sets was: 6-4, 7-5, 6-4.

### VICTIM CLAIMED IN BLACK RIVER

Dewey Smith, Eleven Year Old Son of Section Foreman, Drowned While Swimming

### BODY IS FOUND ON SANDBAR

Caught in Treacherous Current; Companions Unable to Help Him

LYTLES, Wis., June 30.—(Special.)—Dewey Smith, son of William Smith, section foreman of the Burlington railroad at Lytles, was drowned yesterday afternoon in Black river after repeated attempts by two other boys who were with him to save him. He was 11 years of age. His body was recovered a few hours later on a sandbar.

Young Smith and two other boys of his own age left their home about noon to cool off in the stream. Smith was not as good a swimmer as his companions. He swam too far out in the current and was carried down stream, powerless to help himself. His companions made frantic efforts to reach him when they saw that he could not resist the current.

They both struck down stream, but after they had gone a few yards Smith had disappeared. For a few minutes they ran up and down the shore calling for aid and trying to locate the body of the young man. Several railroad men who were near at the time of the accident, procured boats and pike poles. They searched the stream for a half mile to no avail.

After a two hours' search the body was found on the edge of a sandbar which was a few inches out of water. Local physicians worked over the body in the endeavor to start respiration, but life was extinct.

The boy's father and mother were summoned. They were nearly prostrated with grief.

### POULTRYMEN ON PICNIC

FIFTY MEMBERS OF ASSOCIATION LIMBER UP AT THE GROUNDS TWO MILES UP RIVER

Ferdie Roth started things moving yesterday afternoon on Paradise Island, when he made the first home run of the baseball game between the North and South sides of the city which was one of the several stunts pulled off during the picnic held by the La Crosse Poultrymen's association at "Stop-awhile" picnic grounds yesterday.

The North side defeated the South side by a score of 8 to 9. Fifty-one of the chicken fanciers left Singer's boat landing early yesterday morning in two boat loads, with another loaded to the guards with refreshments, both solid and otherwise, for their annual "big time," and that they had it, in spite of the warmest day recorded in years, was evidenced by the hilarious spirit that pervaded the improvised camp during the day.

Shortly after the aggregation was safely landed on the island, energetic members of the association, who took upon themselves the honor of cooks, prepared several large cans of chicken bouillon which shared honors with amber brew, which stood within easy reaching distance.

William Fries, city comptroller, made himself famous among the chicken men by winning the "fat men's race." The single men banded against the married men in a nine round baseball argument which ended in their defeat by a score of 14 to 0. Several athletic features went to make the day a memorable one. The association embarked about 8 o'clock for La Crosse.

Aged Grandmother and Wife of Five Months on Opposite Side of Channel

Peter Stein, 19, teamster for the Gas and Electric company, 823 South Sixth street, and Warren Pierce, age 7, Stein's nephew, were drowned in the West Channel of the Mississippi river about half a mile above the La Crosse road wagon bridge, at 3 o'clock yesterday afternoon. Mrs. Louisa Pierce, mother of Warren Pierce and sister of Stein, and her 9 year old son, Biford Pierce, were rescued after she had lost consciousness, and Henry Stein, 12 year old brother of Peter Stein, owes his life to his own coolness and his ability to swim the few feet from the hole into which the party stepped while wading.

Women See Tragedy.  
The tragedy occurred in plain view of Stein's wife and his aged mother, Mrs. Theresa Stein, who stood on the west bank of the river helpless and terror stricken. Mrs. Pierce was saved after her brother Peter Stein, keeping her up for more than five minutes, had sunk to his death. Gus Peterson, 1501 South Sixth street, who was attending the Western Wisconsin Poultry association picnic up the river, chanced to be rowing past the mouth of West Channel when he heard the screams of the women and children. He arrived on the scene just as Mrs. Pierce was sinking for the last time. He jumped into the river without taking time to remove his clothes and managed to drag her unconscious to the shore.

Biford Pierce, age 9, was saved by his cool headed 12 year old uncle Henry Stein, who threw him a piece of plank. The boy clung to the slight support until he was rescued by Peterson. He was nearly exhausted.

### THE TRIBUNE'S Daily Short Story

#### THE HOUSE THAT BRUCE BUILT

By MARIE LA ROCQUE

(Copyright, 1913, by the McClure Newspaper Syndicate.)

It was about a fortnight before their wedding and Violet Dare and Bruce Armstrong had come to the little suburban settlement where they had planned to make their future home in order to receive their furniture and other household contraptions and settle their little house. Bruce told Violet that he had rented the only house he could afford, but for the rest Violet had to wait till she saw.

Violet had brought her two chums, Helen and Clarice, who knew much more of the mysteries of house-sitting than Violet did, to help her and to play the role of chaperon. They arrived at the little suburban boarding house at noon and as soon as luncheon was over the three girls started out in all impatience to see the house that Bruce had rented. It was plain to see as they followed the boarding house keeper's directions to the desired street that Bruce had not chosen one of the choicest neighborhoods.

Then they reached the street and the house designated on the key tag. A walk lined with deeply imbedded scraps of clam shells led from the sidewalk to the front porch, which was a square, slender-columned afterthought painted a heavy, dirty green, against the once-yellow of the house. Violet unlocked the door and the three young women stepped into the very small entrance hall.

There was a much ornamented lattice screening between the hall and the diminutive parlor, and the parlor opened through another similar screening to a more diminutive dining room. The hall was papered in brilliant red wallpaper with a large green and yellow tracery, the parlor had a salmon pink, gold ornamented satin paper and the dining room was decked out in a wonderful depiction of feudal castles, shepherds and shepherdesses in bright autumnal colors that stood out from the wall in all the glory of their vivid colors.

"My dear," began Helen, laying a hand of sympathy on Violet's arm. "My poor, dear girl—but, of course, with a single-tone paper throughout, the rooms won't look so very dreadful."

"But Bruce said the owner wouldn't repaper. It is all new and we have only taken a year's lease and he doesn't want to change."

By this time they had passed on to the kitchen, a box-like compartment, strewn with the ashes and scrap of discarded household furnishings from the last tenant. A large coal range occupied the place of honor.

"A coal range!" exclaimed Clarice.

"Bruce said he thought I ought to be willing to make a fire."

The young women went through the house, seeing one horror after another—bare splintered floors, and Violet had bought rugs and no carpets.

That night when Bruce arrived at the boarding house he greeted the three girls with enthusiasm. "What did you think of the house?" he asked beaming; and when a silence followed in which only Violet murmured that she was eager to see how the furniture would make it look, his enthusiasm seemed not in the least whetted. That night, after dinner, Violet went early to her room with Clarice, and Helen detained Bruce in the hall.

"I don't know you well enough to talk to you this way, Bruce Armstrong," she said; "but if you want to know what I think, I will tell you frankly. I think you are behaving like a brute to put a sweet little thing like Violet in that awful house and ask her to do the housework."

Bruce smiled. "What does Violet think about it?" he asked.

"She doesn't know enough about housekeeping to know. Besides, she is so far in love she wouldn't say if she did."

"I put up with more trying conditions every day than that in the office in order to make enough to support Violet and me," answered Bruce. "My mother had to make a fire for the first year or so after she was married, and she was happy. Violet knows I am a poor man."

The next morning when Violet went to the station to see Bruce off there was a troubled look in her face, but Bruce smiled.

"I want to tell you," Violet began. "Clarice talked to me almost all night. She said that I didn't know

"What I was getting into; that that wallpaper would give me melancholia; that I would turn into a tramp in a year; that men were all like that if you let them impose on you; that it would be better for me to break off our engagement, or at least wait till you could get a decent house for us to live in, and that if you had begun like this there was no telling what you would develop into."

"What did you think?" asked Bruce.

"I thought that I would be happy anywhere with you, and that if you could stand the wallpaper, I could, and that it was very little to put up with for your sake—but Clarice and Helen both think I am wrong."

"Clarice and Helen haven't been asked to marry me," said Bruce. "If you can stand it, that is all I want to know." And then as he hurried ahead for the train he said, "I will be home early this afternoon, and the furniture will be here then. We can all put it in order together."

All the morning the girls spent at the boarding house resting for the anticipated ordeal of settling during the afternoon. At the luncheon table they found Bruce beaming with happiness.

"There has been a mistake," he said, rising from the table after luncheon. "The furniture has all been sent to another house. Let's all walk around while I correct the mistake, and then we can have it carted over to our house and we can arrange it."

It was a rather melancholy quarter that started out that afternoon, for in spite of Bruce's unfailing good nature Violet could not but reflect the feelings of her chums.

They drew up to an irreproachable little white cottage, apparently just completed. Bruce opened the front door and asked the young women to go in while, as he said, he would scare up the carters to get the furniture out.

"Isn't it a dream?" said Clarice, glancing around the room. Every thing, the woodwork, the wall paper, the window curtains, the arrangement of the furniture came up to her high standard of interior decoration.

"It would be heaven to keep house in a place like this," murmured Helen.

Then Bruce came in. "How do you like it?" he said. "Do you think you can be happy here?" He put two hands on Violet's shoulders and marched her around from one room to the next.

"What do you mean?" cried Violet, her pretty blue eyes opening wide with wonder.

"I mean," said Bruce, "that this is your house. I had it built for you. Remember the time we made some plans just for the fun of it of the sort of house you would like to live in, and you told me all about how you wanted it decorated and finished? I saved the sketches and took them to an architect and had them materialized." He held out a document to her. "Here is the deed of it. It is all made out except your name. That is to be filled in after you have added the Armstrongs to it. I wanted to find out—though I didn't have any real doubts of it—that you were marrying me and not the house, and I wanted you to know first what you must have had to live in if I hadn't

saved a little nest-egg before I ever met you.

"In the meantime," Bruce continued, "I have discovered that your two friends—had they been in your shoes—would have thrown me over at the last minute."

Helen and Clarice were making exclamations of admiration and approval and Bruce finished his explanation. "I didn't go to the city at all today. I went to the next station after I left you, Violet, and came back here to settle. I have put in a hard morning's work and of course being a mere man I haven't succeeded. But with your expert advice," he said bowing in mock seriousness to Clarice and Helen, "and with me as man of all works, perhaps before night we can rearrange things to fill the bill."

"NOW," said daddy, "keep very quiet and I'll tell you a story about the river king."

"Why, we didn't know the river had a king!" Jack and Evelyn exclaimed.

"Didn't you?" laughed daddy. "Well, I'm telling a story, and I want to tell it in my own way. This was a very big river. It started way up in the mountains, where the river king had a lovely palace in a waterfall and went tumbling down over rocks until it came to dark old forests. Through these it went more slowly, and then it swept on through wide plains on which were many fertile farms and where in time big cities grew up."

"The river king loved to go sailing down his wide river, looking here and there to see that everything was well in his watery kingdom. There were fish in the deep waters, and along the shores the muskrat, the mink and the beaver built their homes. In shady pools timid ducks taught their young to swim, and kingfishers sat at their doors watching for the unwary salmon. Sometimes the wild deer or the bears would come down from the mountains to drink, and with all these the river king was on the best of terms. As to human folk, he did not know them or understand their ways, and after a time he began to like them less and less, for when they builded their great ugly cities they went out into the woods and cut down the beautiful trees that lined his shore, so that sometimes for miles and miles his waters had to creep along under the hot summer sun."

"And as they builded more cities and needed more wood they took more of his trees, and so he grew angry with the woodcutters."

"He tried to warn them to let his trees alone by sometimes sweeping up on their shores with his foam crested waves, but now he planned a real revenge. He would show both town and country people that he was a power to be feared."

"He waited until the summer rains came sweeping down in the mountains. The torrents fell one over the other, but the trees that used to hold back the water by drinking it up with their thirsty roots were gone. One torrent joined another until the river overflowed its banks and spread out over the country. It tore up crops and sent the people scurrying to the upper parts of their houses. Sometimes it dragged a house from its foundation and washed it on toward the sea."

"All that night the people, cold, hungry and frightened, perched on their roofs or huddled in the upper floors of their houses."

"Then the river god, who was not really cruel, gathered the waters back between the banks."

### MAKING LIFE PAY.

A man should once for all understand that if he wishes to live life at its full he must be constantly working and as constantly improving on his work; that the work of yesterday, no matter how good it was, should have been improved upon in that of today. Progress is eternal. There is no finality; there is no ultimate, but an ever ascending scale wherein life is ever becoming renewed. — Dr. William Brodie Patterson.

The fisherman's motto—All things come to those who wait.

## Daddy's Bedtime Story — The Revenge Of the Angry River King.

The Flood Overturned Houses.

"NOW," said daddy, "keep very quiet and I'll tell you a story about the river king."

"Why, we didn't know the river had a king!" Jack and Evelyn exclaimed.

"Didn't you?" laughed daddy. "Well, I'm telling a story, and I want to tell it in my own way. This was a very big river. It started way up in the mountains, where the river king had a lovely palace in a waterfall and went tumbling down over rocks until it came to dark old forests. Through these it went more slowly, and then it swept on through wide plains on which were many fertile farms and where in time big cities grew up."

"The river king loved to go sailing down his wide river, looking here and there to see that everything was well in his watery kingdom. ### IN The WORLD OF WOMEN

Miss Achsah Lippincott has just been appointed chief market clerk by Philadelphia city officials. She will supervise two city markets and study municipal markets in other cities.

Catherine Waugh McCullough, woman lawyer and suffragist of Chicago, advises the women of Illinois not to seek office under the new limited franchise bill passed by the legislature, but to wait until they are urged to do so.

As part of the country wide campaign now being waged by the National Woman Suffrage association in the interest of the national enfranchisement bill, summer suffrage headquarters are being opened at the seaside resorts along the New Jersey coast under the direction of Miss Mabel Vernon.

The women's Democratic league of Illinois has endorsed the appointment of Dr. Elizabeth Sheridan Matthews of Springfield, by Governor Dunne to the state board of health.

### TOMAH, WIS.

On Thursday evening at 8 o'clock occurred the marriage of Miss Edith Murray of Tomah, to Mr. William J. Underwood of Chicago, at the home of the bride's parents, Mr. and Mrs. C. W. Murray on South Superior Ave., the Rev. J. G. Smith of the Congregational church performed the ceremony. Miss Anna E. Smith of Chicago was bridesmaid and Henry Underwood, Jr., of Eau Claire, was groomsmen. Miss Murray is one of Tomah's popular young ladies and has held the position as chief operator at the long distance office for the past five years. The groom has

been attending the college of dentistry in Chicago for the past year. A number of fellow students were present at the wedding, also his father and mother, Mr. and Mrs. Henry Underwood of Eau Claire.

Mr. Edward Straight, youngest son of Mr. and Mrs. Harvey D. Straight of Oakdale, and Miss Adeline Fuhrman of Wyeville, were married on Thursday afternoon. Miss Fuhrman is well known in Tomah, having lived here with her parents, until about a year ago they moved on a farm near Wyeville.

The marriage of Elmer Quam to Miss Alma Warnka of Bear Creek, took place Wednesday morning at the M. E. parsonage in Tomah, the Rev. L. E. Hoisington officiating. Both parties are well known here.

Mr. and Mrs. Edwin Vandell are entertaining Mr. and Mrs. Theodore Brown of Altoona, who are enjoying their bridal trip in Tomah. The groom is a cousin of Mr. Vandell.

Mr. Ira J. Stutsman, superintendent of the railroad shops, is enjoying a fishing trip to Minneapolis for a few days. He expects to return Monday.

Mr. Elisha Davenport of Larr Valley who has been seriously ill for the past month is said to be improving.

Mrs. L. Gilmore of Tunnel City, who has been visiting friends at Lodi and Milwaukee for the past week, was visiting friends in Tomah Saturday.

Mrs. C. C. Aller and daughter, Edith, of Racine, arrived here Wednesday and are visiting at the home of Mr. D. M. Aller on Kilbourn Ave.

Mrs. Fred Haker spent Wednesday in La Crosse. She was accompanied by her mother, Mrs. Goddard.

Mr. William Holmes of Adrian, Mich., is a guest at the home of his sister, Mrs. C. C. Boomer.

Mr. Donald Compton went to Spiceland, Ind., Thursday to attend the funeral of his father's father. He will return this week.

Rev. L. E. Hoisington of the M. E. church, was in Reedsburg Sunday attending the Epworth League convention. Rev. Bancroft of the Baptist

church, filled his pulpit uniting the services of the two churches. Mr. Paul Austin, Misses Jennie Caldwell and Eva Cornish were also attending the convention.

The blueberry crop looks very promising in this vicinity. The first appearance of the berries was in Saturday.

Mrs. G. O. Murray and daughter, Agnes, also Miss Viola Johnston of Galt, Ontario, Canada, will visit in La Crosse on Tuesday.

A party from Tomah, Mr. and Mrs. Frank Drew, Mr. and Mrs. A.L. Butts and Mrs. H. B. Johnson leave this week for a tour through Yellow Stone Park.

Miss Agnes Dorwin of Minocqua, has been the guest of Miss Gertrude O'Leary among the past week.

Mrs. Eberts who went to San Francisco last fall is expected to return home during the month of July.

Refuses to Build a Chaos.

When we try to imagine a chaos we fail. Let it be as formless as we please, our creation will stand on its base; its left will balance its right; it will float like a ship, drift as a cloud, or swirl as desert sands. In its very fiber the mind is an order and refuses to build a chaos.

A. E. BLECKMAN,  
Notary Public.A CHANCE TO  
STUDY GOVERNMENTIf a national institute of political  
science is to be established in Wash-  
ington its benefit should not be re-  
stricted to college and university  
men. Politics is peculiarly a non-  
academic science and could be stud-  
ied by average men without any dif-  
ficulty. Institutions like the Uni-  
versity of Wisconsin and the Uni-  
versity of Chicago, which maintain  
special extension courses make a  
special appeal to business men, office  
holders and citizens generally with-  
out regard to previous academic  
training.It cannot be doubted that such an  
institution as is planned in Washing-  
ton can accomplish much if it is op-  
erated along right lines. Nowhere  
else in the country is there such a  
wealth of material for political re-  
search. Here are kept the national  
archives. Here are available every  
book on the subject printed in this  
country since the copyright law was  
passed. Here the machinery of the  
federal government can be seen in  
actual working order.The plan, as announced by Trux-  
ton Beall, former United States min-  
ister to Persia, is to discuss side by  
side with congress the important  
question of the day under debate at  
the capitol. Just now the course nat-  
urally would feature the tariff and  
the currency. At other times immi-  
gration, international affairs, the  
conservation of natural resources  
and other big practical questions  
would take the head of the program.  
The definite study of government  
should be encouraged by every possi-  
ble means. One good way to en-  
courage it would be to make this new  
institution just as democratic as it  
could be made. Any man with the  
inclination to attend and the money  
to pay tuition should be welcomed.AN INVITATION  
TO DISASTERWith a view to making travel safer  
Representative Roberts of Massa-  
chusetts has introduced a bill in con-  
gress requiring all railroads in inter-  
state commerce to use fireproof, steel  
cars and to equip their lines with au-  
tomatic switches, signals and such  
other safety devices as may be ap-proved by the interstate commerce  
commission. The bill is another step  
along the line of legislation fathered  
by Congressman Eech, but is more  
drastic from the personal angle. It  
would hold officers, directors and op-  
erating officials, as well as the cor-  
porations, responsible for violations  
and would provide for fines from  
\$500 to \$10,000 and prison sentences  
from thirty days to one year. The  
introduction of the measure was  
brought about by a wreck on the New  
York, New Haven and Hartford sys-  
tem in which six were killed and  
many injured by the telescoping of a  
wooden Pullman of the old type.In this case, however, the engi-  
neer has testified—and the com-  
pany's books uphold his claim—that  
several days before he had reported  
that the brakes on his engine failed  
to work. The accident could have  
been avoided, he says, if he could  
have stopped his engine. The gen-  
eral charge is made in connection  
with this wreck that the financial ex-  
ploitation of the system had brought  
the road to a run-down condition  
where little attention was paid to re-  
quests for repairs or for new equip-  
ment. Naturally, such a state of af-  
fairs is an invitation to disaster.Steel cars and safety devices will  
help to make travel safer, but we  
must not forget the relation of fi-  
nance to the operating side of rail-  
roading. Where the company offi-  
cials are spending their time juggling  
the stock market instead of building  
up a good railroad it is inevitable  
that the risks of travel are increas-  
ed. No transportation system that is  
financially man-handled in the inter-  
ests of a clique of officers can com-  
pete in efficiency with the road run  
as a straight business proposition.  
And it is efficiency in management,  
quite as much as modern standards  
in equipment, which discourages  
wrecks.Worry over the fact that he had  
\$150 in his possession drove an At-  
lantic man insane. Having that much  
money at one time is enough to drive  
almost anybody crazy.The trousseau as a substitute for  
the skirt is the latest for women. As  
it is a little tighter than the tight-  
est skirt it will probably become popu-  
lar.The Japanese have seized an  
American pleasure yacht. If they try  
to run it they will not have enough  
money left to go to war with any-  
body.They have stepless cars in Cleve-  
land, O., now, but the strapless car  
will probably not come along until  
some time in the next century.A poet in the east complains that  
poetry is the worst paid form of  
writing. Well, it is probably the worst  
form of writing, too.Wished Him to Be Celestial  
"I wish I was a star," the dude  
sighed, smiling at his own poetic fan-  
cy."I would rather you were a com-  
et," she said, dreamily.

His heart beat tumultuously.

"And why?" he asked, tenderly,  
at the same time taking her unre-  
sisting little hand in his own. "And  
why?" he repeated, imperiously."Oh," she said, with a brooding  
earnestness that fell freezing upon  
his soul, "because then you would  
come around only once in fifteen  
years."And he took his hat and went out  
into the shimmering moonlight.In the Singular  
George Ade, at the Chicago Ath-  
letic club, listened to a youth's im-  
passioned panegyric on love."Wait till you've married her,"  
said Mr. Ade. "Wait till you've been  
married to her fifteen or twenty  
years. Then you'll be like Sinnick-  
son.""Sinnickson's wife looked up from  
a novel the other evening and said,  
dreamily:"I've been thinking, dear, of our  
courtship days—those ecstatic days!""Humph," said Sinnickson, shak-  
ing his fat, bald head, "that ecstatic  
daze, you mean."How Adversity Operates  
Mayor Rockwell of Akron was con-  
demning the claim, often put for-  
ward by the rich, that poverty is  
good for the character."Poverty is good for nobody," he  
said. "It embitters the mind, hard-  
ens the heart, causes unhappiness  
and fear and suffering.""There's nothing like adversity,"  
a millionaire once said to me—  
"there's nothing like adversity to  
bring a man out.""Yes," I replied, "out at the el-  
bows."The Futurists  
George Luks, at a luncheon at  
Sherry's, was talking about the "fu-  
turists.""It's astonishing what they can  
get out of the human figure," he  
said. "Look at the 'Nude Descending  
a Staircase.' Why, it resembled a  
conflagration, or a ship, or a soap  
works, or anything you please.""It's like a beautiful girl who  
waited on a friend of mine to pose.  
She had such a fresh, sweet, modest  
air that my friend blushed and stam-  
mered:"But what—er—what do you pose  
for?""She shrugged her pretty shoul-  
ders.""Oh, she said, 'anything you like  
—landscape, if necessary.'"Quips and Cranks  
and Wanton WilesContentment  
I love to sit upon my cottage porch  
And watch the rich ride by in fine  
machines;  
I love to see the handsome touring  
cars,  
The cute coupes and ponderous  
limousines.I love the odor they all leave for me  
To breathe long after they have  
hurried by;  
I love to sit until I suffocate  
In clouds of dirt and dust they  
have made fly.I love to sit and listen to the honks  
And shrieks and squawks and  
squeals they hurl at me;  
They make night hideous and I  
Forget my other troubles, all you  
see.So, let them honk and snort and hit  
the breeze  
And burst their tires and suffer  
other ills;  
Let them enjoy what peace of mind  
they made.  
I am content, I do not get the bills.Misplaced Daniel  
A clergyman, recently engaged  
with another of a different belief in  
a controversy regarding some ques-  
tion of religion sent to a newspaper  
office a long article supporting his  
side of the question. The manu-  
script had been set up in type for  
the next day's issue. About midnight  
the telephone bell rang furiously and  
the minister at the other end asked  
for the editor."I am sorry to trouble you at such  
a late hour," he said, "but I am in  
great trouble.""What can I do for you?" the edi-  
tor asked."In the article I sent you today I  
put Daniel in the fiery furnace.  
Please take him out and put him in  
the lion's den."Paid in Advance  
"Now, lemme see," said the rural  
justice, figuring on the back of an  
old envelope. "Your bill will come to  
jest—\$47.""Forty-seven dollars?" echoed  
Wigglethorpe. "Why, judge, the fine  
for overspeeding is only fifteen dol-  
lars.""Ya'as, I know," said the justice.  
"The thirty-two dollars is fer con-  
tempt of court.""But I haven't expressed any con-  
tempt for this court," protested Wig-  
glethorpe."Not yet ye hev'n't, grinned the  
justice, "but ye will, my friend, ye  
will before ye git a mile out o' town.  
I've made the fine pretty stiff so's t'  
give ye plenty o' room to move round  
in."The Cause of His Woe-Begone Con-  
dition  
A very large and muscular Irish  
woman had the little, shriveled up  
man to whom she was married haled  
up in the police court on the charge  
of assaulting and beating her. He  
was the worst dilapidated man the  
judge had ever seen. His arm was  
in a sling, his head was tied up, his  
eyes were blackened, and he seemed  
scarcely able to stand. The judge  
listened to the Irish woman's tale of  
woe, and, unable to stand it any  
longer, asked in derision: "Do you  
mean to say that little bit of a phys-  
ical wreck could beat you as you  
have stated?""Yes, honor, he wasn't a physical  
wreck until he tried to beat me."Not So Light  
At a mock parliament held in Bris-  
tol, the "Hon. Member for Stran-  
raer" asked the "Rt. Hon. the Pres-  
ident of the Board of Trade" (refer-  
ring to the merchant shipping act,  
1894, prevention of collisions)"whether a lighterman, having two  
light lighters in tow, would be re-  
quired to light a lighter light on the  
lighter lighter, so that the lighter  
the lighter lighter the lighter?"The president replied: "In the negative,  
since the lighter lighter being the lighter,  
and the denoting that the lighter is  
already 'light,' the lighter of the  
lights would not be required to light  
a lighter light on the lighter lighter,  
since the lighter lighter is lighter  
than the light lighter."—Strand

To Stop Scaling  
of PsoriasisThis Troublesome Skin Dis-  
ease Promptly Checked  
by a very Simple  
Attention.Classed with eczema,  
psoriasis has been con-  
sidered one of the most  
obstinate of skin dis-  
eases.A lady in Lexington,  
Ky., says that before  
she began using S. S. S.  
the disease broke out  
at frequent intervals  
where she thought it  
cured. But by getting  
her blood under con-  
trol by the influenceof S. S. S., psoriasis entirely disap-  
peared and there was never again the  
slightest sign of it.Like nearly all skin diseases, psori-  
asis is primarily due to impaired  
blood.The skin is but a network of fine  
blood vessels. And it is a perfectly  
natural consequence that any influence  
in the blood that is a condition of ill  
health makes its first appearance in  
the skin. There is one ingredient in  
S. S. S. which peculiarly stimulates  
cellular or glandular activity to select  
from the blood or from this fine net-  
work of blood vessels in the skin, those  
elements which it requires for re-  
generation.Thus pimples, acne, eczema, lupus,  
or any other blood condition that at-  
tacks the skin or seeks an outlet  
through the skin, is met with the an-  
tidotal effect of S. S. S.This is why skin troubles vanish so  
readily and why they do not return.You can get S. S. S. in any drug  
store, but insist upon having it. Take  
no chance by permitting anyone to  
recommend a substitute. And if your  
blood condition is such that you would  
like to consult a specialist freely, ad-

MRS. HARRIS SUES  
BAKER FOR \$200,000Mrs. Magnolia V. A. Harris, a clerk  
in the postoffice department at  
Washington, some days ago began a  
suit for \$200,000 against the estate of  
the late Representative Henry M.  
Baker of New Hampshire. Against  
all the efforts of photographers she  
was successful in keeping her pic-  
ture from the newspapers.Mrs. Harris asserted in her suit  
that Baker died worth \$500,000. She  
said he had promised to marry her,  
and had often said he would make  
provision for her so she would be  
independent."Well, my dear," said Mr. Wiggins  
on the night of election day, "did you  
vote this morning?""I did indeed," replied Mrs. Wiggins.  
"I not only voted, but I wrote out my  
reasons for voting as I did on the back  
of the ballot and signed my name. You  
men may feel the need of a secret bal-  
lot, but I'm not afraid to have anybody  
know how I voted or why."—Fun.An "Indiscriminate" Sentence,  
The county prosecutor tells the fol-  
lowing story of a negro who was con-  
victed in the criminal court not long  
ago. The negro was asked how long

## THE RED BUTTON

Copyright, The Bobbs-Merrill Company.

Inspector McGee understood at  
once; and the information brought  
a little thrill. He had given only  
two such papers in his career; and  
the other was held by a man. So  
Rosalie Le Grange had bobbed up  
again—Rosalie Le Grange, trance,  
test and clairvoyant medium, fol-  
lower of a small half-criminal trad-  
e, but friend of society against larger  
criminals. How curiously that wom-  
an had glanced in and out of his  
life, and what luck she had brought.  
His first success, for example—the  
solution of the Heywood murder,  
which had raised him from plain  
detective to detective sergeant. None  
but him and her knew how Rosalie  
Le Grange had cleared up that im-  
portant case by her knowledge and  
shrewdness, and had slipped out of  
it in the dramatic moment, leaving  
to him the credit. Then the Martin  
case, which had helped make him  
a captain—the McGregor diamond  
case—half a dozen smaller cases,  
all successes and all redounding  
greatly to his reputation. For three  
years now she had been completely  
out of his world. Once a vague rum-  
or that she was very prosperous  
had set him wondering with a little  
regret whether she had fallen to  
tricking him dupes. In old years,  
she always affected to despise that  
process.Here she was again, mysterious  
and dramatic, at the very focus of  
another big case. The heavy lips of  
Martin McGee relaxed in a smile of  
unaccustomed sweetness as he  
thought on her, and less on her tal-  
ents and her beneficent influence  
over his career than on her look  
and move and joy in life. He re-  
called her as she stepped into his  
career ten years ago—plump but  
shapely; dimpled, brown-haired,  
marvelous in the compelling expres-  
sion of her gray eyes. He recalled  
the Rosalie of three years ago—  
still shapely but now touched with  
age and powdered with gray. From  
among the half-forgotten memories  
of a busy and rather brutal life, she  
stirred into full vision. Inspector  
McGee was forty-eight years old;  
and that period is the Indian sum-  
mer of romance. He found himself  
looking forward to their next meet-  
ing.And as he bent over his desk in  
unaccustomed meditation, the hour  
of that meeting was come. The  
doorman brought a card—"Mme.  
Rosalie LeGrange"—and behind  
him she appeared.Any woman who had known the  
Rosalie LeGrange of Inspector Mc-  
Gee's recollections would have read  
new prosperity into her at the first  
glance. Then, her shirt-waists, al-  
ways immaculately neat, were of  
cheap lawn; now, her modest waist  
was chiffon and Cluny hung over a  
figured silk. Her suit had that per-  
fect tailored simplicity which only  
genius achieves. Her hat was unob-  
trusive, but any discriminating  
feminine eye would have seen that  
Verre made it; and Verre comes  
high. These signs of wealth escaped  
Martin McGee. The proof to him  
was more tangible—the diamond  
pendant at her throat, the rings on  
her fingers. He noted these little  
brothers of prosperity before he  
perceived how much younger she  
appeared in face and figure than  
when he saw her last. Being mere  
male man, he could not understand  
that this false youth was born and  
bred of the modiste, the milliner  
and the masseuse."Well, well!" exclaimed Martin  
McGee, rising as though to some  
great personage, "back again! Say,  
you just couldn't keep out of big  
doings, could you? And how pretty  
you look—prettier and prettier all  
the time! What hauled you into the  
Hanska case?""I ain't in the Hanska case at  
all," responded Rosalie LeGrange,  
answering his second question first.  
"At least not deep, Martin McGee."  
She flashed upon him her dimples,  
snapped at him her great gray eyes.BOTH GAINED  
Man and Wife Fatten on Grape-NutsThe notion that meat is necessary  
for real strength and the foundation  
of solid flesh is now no longer as  
prevalent as formerly.Excessive meat eaters are usually  
sluggish a part of the time because  
they are not able to fully digest their  
food, and the undigested portion is  
changed into what is practically a  
kind of poison that acts upon the  
blood and nerves, thus getting all  
through the system."I was a heavy meat eater," writes  
an ill man, "and up to two years  
ago, was in very poor health. I suf-  
fered with indigestion so that I only  
weighed 95 pounds.""Then I heard about Grape-Nuts  
food and decided to try it. My wife  
laughed at me at first, but when I  
gained to 125 pounds and felt so  
fine, she thought she would eat  
Grape-Nuts too. Now she is fat  
and well and has gained 40 pounds.  
We never have indigestion any more  
and seldom feel the desire for meat."A neighbor of ours, 68 years old,  
was troubled with indigestion for  
years, and was a heavy meat eater.  
Now since he has been eating Grape-  
Nuts regularly, he says he is well  
and never has indigestion.I could name a lot of persons who  
have rid themselves of indigestion by  
changing from a heavy meat diet to  
Grape-Nuts. "There's a Reason."

paused a minute, her dimples faded  
and the lines of her face fell.  
"Ugh!" she shuddered with the  
memory."That," said Martin McGee, "is  
what I'd call a coincidence.""Coincidence!" repeated Rosalie  
LeGrange with fine scorn, "now  
you look here, Inspector McGee,  
there ain't any such thing as coin-  
cidences—any more than there's  
such a thing as luck. No, Martin  
McGee. Nearly everybody that has  
lived long enough in New York has  
had a murder or a burglary or  
something in the same block. It  
was bound to happen to me in time.  
It happened; and instead of mind-  
ing my own business like the rest, I  
butted straight in. When the rea-

then I laid it to the spirits. Now  
I lay it to Rosalie LeGrange.""Used to?" echoed Inspector Mc-  
Gee. "Does that mean you've cut it  
out?""Well, do these clothes and this  
five-dollar-an-hour massage on my  
poor old face look like I got 'em  
from sitters at two dollars a  
throw?" inquired Rosalie LeGrange.  
"Say, ask me about it, please. I'm  
dying to tell.""All right; I've asked," respond-  
ed Martin McGee, a kind of dull fire  
illuminating his clean-shaven jowly  
police countenance."Now," said Rosalie LeGrange,  
"I'm going to astonish you, Marty  
McGee. I got it from Robert H.  
Norcross—the railroad king."McGee's face fell. This mascot of  
his, this curious good fairy who had  
skipped in and out of his career,  
scattering golden successes, was a  
kind of an ideal. That she should  
"work" a doddering millionaire—as  
Norcross had been in his last years  
—for the tainted coin of aged folly,  
was a blow to what idealism an in-  
spector of detectives may hope still  
to cherish. Rosalie, skilled from  
youth to catch and interpret the  
unconsidered expression of the hu-man countenance, read his emotion  
at once."Now, I don't mean at all what  
you mean, Martin McGee," she said.  
"Listen. It don't matter what I did,  
or how I did it—but I saved this  
Robert H. Norcross from making  
about the biggest kind of a fool out  
of himself. There's more things get  
by the police than get to 'em. In-  
spector Martin McGee. Especially, in  
the medium game. Norcross was  
caught, I tell you. Ever hear of  
Mrs. Paula Markham?""The woman who skipped to  
Paris after the Warfield affair?"  
asked McGee. Rosalie nodded.

### PRAIRIE DU CHIEN

The marriage of Miss Margaret Irma Paris, younger daughter of Mr. and Mrs. R. D. Paris, to E. B. G. Billings of Platteville, was solemnized at Holy Trinity Episcopal church Thursday evening, June 26th, in the presence of a large company of relatives and friends.

At 8:30 o'clock the bride, attended only by her sister, Mrs. Katherine Case, as matron of honor, entered the church on the arm of her father and proceeded to the altar where they were met by the groom and his best man, Neil Brown of Elroy. The marriage service was read by Archdeacon W. G. Blossom of Madison. Little John Chester Case, nephew of the bride, acted as ring bearer and the ushers were Charles Pierce of New York and Oren Hickox of Madison.

The wedding march was beautifully rendered by Miss Jennie Weisenberger and Walter Hintz, organ and violin.

After the ceremony a reception was held at the home of the bride's parents, Mrs. N. G. Sage and the Misses Geneva Atkinson, Minnie

Case, Agnes Pinkerton and Hazel Savage serving.

The bride was attired in a white charmeuse gown with court train of brocade charmeuse, a Normandy cap and veil trimmed with real lace and carried a shower bouquet of bride's roses and lilies of the valley.

Mrs. Case, the matron of honor, wore light blue charmeuse, a picture hat and carried shasta daisies and ferns.

Mr. and Mrs. Billings left on the midnight train for Chicago and will be at home after August 1st, in Platteville where Mr. Billings has mining interests.

The decorations at the church were ferns and pink roses. At the house the lining room was decorated with pink roses, daisies and smilax and the library, drawing room, reception hall and veranda with roses, daisies, ferns and palms.

The guests from out of town were Mr. and Mrs. John Billings, Mrs. Wilson Cunningham, Mrs. Marcus Newman, Platteville; Mr. and Mrs. W. Ferguson, Mrs. Fay Elwell, Oren Hickox, Madison; Mrs. T. A. Lockhart, the Misses Frances and Patience Lockhart, Oshkosh; Mrs. Silas Wright, New London; Mrs. J. E. Car-

ter, Cassville; the Misses Louise Klenpel, Elkader, Iowa; Norma Roehm, Ashland; Helen Brown, Chippewa Falls; Geneva Atkinson, La Crosse; Maude Barrett, Galena, Ill.; Messrs. Oren Hickox, Madison; Neil Brown, Elroy, and Charles Pierce, New York.

Mr. and Mrs. J. W. Paris gave a dinner Wednesday evening for the Paris-Billings bridal party and a few additional guests.

Miss Mabel Kast, daughter of Mr. and Mrs. C. R. Kast and Edward Graap, both of this city, were married at the home of the bride's parents, Wednesday morning, Rev. F. A. Troutman, pastor of the Evangelical church officiating. The bride was attended by Miss Freda Graap and the groom by Joseph Rod.

Mr. and Mrs. H. C. C. Kast came from Barnum to attend the wedding of their niece.

Mr. and Mrs. Graap will reside in Prairie du Chien and are receiving the congratulations and good wishes of their many friends.

## ALLEGED BURGLARS TRAILED BY DOG

Three Tramps Captured by Police After Trying to Enter Hahn Residence

Three hoboes, giving their names to the police as Charles Anderson, Chicago; De Coster Smith, Pueblo, Col., and C. C. Smith, alias William Applebann were captured by Patrolmen Fred Yehle and August H. Koschnitzke and John Hahn under the Rose street viaduct crossing the Milwaukee railroad, at 11:30 last night after they attempted to enter the home of Mrs. Jacob Hahn, 526 St. Andrew street.

The Hahn family were all at home during the evening. About 11 o'clock Mrs. Hahn was attracted by a scratching noise at the side door of the house. A member of the family opened the door, discovering several men prowling near the house. The door was quickly closed, and John Hahn ran to the front door. A man was trying to enter there. When the gang saw that they were discovered they ran down St. Andrew street. The police were called, and in the meantime Mr. Hahn with the assistance of his dog trailed three of the men to the Rose street viaduct. The men were seated on a pile of ties engaged in putting on their shoes. With the arrival of the patrolmen three of the men were captured.

During the early evening north side police ordered a large gang of tramps who were "camming" beer under the bridge to leave town, and it thought by them that the attempted robbery was made by members of the same gang. Hahn says that some of the party escaped before he and the officers could find them.

They will be arraigned for a preliminary hearing in court today.

## MOTHER KILLS GIRL TO HIDE HER BIRTH

Woman Whose Husband Left Her Slays Another's Child Before Reconciliation

SALT LAKE CITY, Utah, June 30.—Mrs. August Ekman, the body of whose 12 year old daughter Frances, was found in Ogden Saturday, in a trunk, murdered the child to conceal its existence from her husband, according to the belief of the police today. The first theory that the mother had slain the girl because she was "in the way" and could not be properly cared for, has been abandoned.

Mrs. Ekman was "sweated" by the detectives and admitted that she put the girl to death just before she was reconciled with her husband, C. L. Anderson, who had left her fourteen years ago. After her husband left her, she said, she lived with a man named Williams, whose child Frances was. Later she married August Ekman, though she never was divorced from Anderson.

Recently she located Anderson in Wyoming and a reconciliation was arranged. Anderson knew nothing of Frances' birth and just before he arrived here Mrs. Ekman killed the girl and stuffed her corpse into a trunk.

North Siders Tumble South Side Boys Out of Tie for First in the City League

The Clothiers went to second place in the city league yesterday afternoon, when they men defeat at the hands of the Nelsons, 4 to 0. Despite the heat, the game was one of the fastest played in the league this year. The Clothiers were tied with the Athletics for first place before the game yesterday.

The feature of the game was Meinert's sensational one handed catch off the left field fence of a terrific drive by Knutsen. In the eighth, Second Baseman Keaveny of the Nelsons made a double play unassisted. Score:

### HE WANTED TO HAVE HIS PICTURE TAKEN

William Kettner.

WASHINGTON—William Kettner, who represents the new eleventh district of California, is a modest man, but he realizes that a little publicity now and then is relished by the best men. Not long ago a number of Washington photographers were making snapshots of the new members as they came to the capitol.

There was no way of finding out who they were except to ask them, and as Mr. Kettner liked like a new member he was asked if he were one. Not understanding why the question was put, the congressman evaded it. The photographer gave it up. Later, when Kettner learned why his questioner wished to know whether or not he was new to the capital, he hastened over to the photographer and admitted that he certainly was a new congressman. His picture was taken.

Congressman Kettner is a democrat and comes from San Diego, where he was in the insurance business.

CLASS RECITAL. Pupils of Mrs. Mary Austin gave a most interesting program in the gymnasium of the Y. W. C. A. Saturday evening. In spite of the heat, a large number of interested friends gathered to hear the piano recital of Mrs. Mary Austin, assisted by Mrs. Florence Drummond Nelson of Dubuque and Mrs. Eva Bennett, accompanist. The pupils in each number reflected great credit upon their teacher. Especially noticeable was the phrasing and technique in the playing from the youngest to the most advanced.

Mrs. Nelson is the possessor of a mezzo contralto voice, full and resonant throughout the entire range, and her clear enunciation made her singing a pleasure.

Mrs. Eva Bennett showed her marked ability as an accompanist, being at all times thoroughly in sympathy with the singer. The program was as follows:

### RUSHFORD MINN

Mr. Paulson of Neillsville, Wis., who has been visiting his numerous relatives at Spring Grove and Black Hammer, made a flying trip to this city Wednesday, calling at the homes of Mrs. Henrietta Larson, Christian Paulson and L. A. Gullickson.

The choir of St. Olaf's college of Northfield started last Tuesday morning from New York upon a specifically chartered steamship, enroute to foreign shores. They will visit Norway, Sweden, Denmark and a part of Germany. About fifty passages were taken by friends and relatives of the members of the choir.

A Rushford young lady, Miss Anna Wright, is one of the fortunate people to make the trip, she being a teacher at St. Olaf's.

The regular meeting of the Royal Neighbors was held Tuesday evening last at the home of Mr. and Mrs. Elfred, in Brooklyn. Despite the threatening weather, a good crowd enjoyed the hospitality of the worthy couple.

Cupid has certainly been getting in a busy season lately, as witness the number of weddings which have occurred this week. Upon June 25 the Norwegian Lutheran parsonage was the scene of a very pretty wedding, that of Miss Emma E. Torgerson to Mr. Bernard Westby, Rev. Jaastad performing the ceremony, which was witnessed by relatives only. The bride was daintily attired in a white embroidered gown and was attended by the Misses Nettie Westby and Anna Torgerson, also wearing white. The groom was attended by Messrs. Gynther Westby and Ole Torgerson. A wedding dinner was served at the home of the bride. The bride was born near this city and has lived here practically all her life. The groom, a son of Mrs. M. Westby of Oak Ridge, is a prominent farmer near Thief River Falls, Minn., near which city they will make their home.

June 25th was also the wedding day of Miss Clara Saevig, a daughter of Mr. and Mrs. O. M. Saevig of Rushford and Mr. Jens Moevig of Buxton, N. D. The wedding ceremony was performed at the United Lutheran church of Peterson, Minn., by Rev. O. M. Saevig, the father of the bride, Miss Agnes Gullickson, presiding at the piano, sent forth the sweet strains of the Lohengrin wedding march, to which the bridal couple entered. After the ceremony, Mendelssohn's wedding march was played. The bride was attired in a white crepe meteor gown, which was trimmed in crystal net and pearls, a beautiful shower bouquet of bride's roses completing the toilette. She was attended by her sister Agnes and cousin, Matilda Johnson, both of whom wore white voile and carried pink carnations. The groom was attended by August Saevig and Alfred Aune, a brother and cousin of the bride. The bride is well and favorably known here and the groom is a prosperous farmer of Buxton, N. D. After the ceremony the wedding party came down to the bride's home at Rushford, where a sumptuous dinner was served. The newly-weds went to Minneapolis upon their wedding trip and will be at home to their friends at Buxton, N. D., after July 1. Those from out of town who attended the marriage were Mrs. Olaf Aune, Alfred Aune, Mrs. A. Moevig and daughter of Buxton, N. D., the Misses Tillie Johnson, Alpha and Louise Bersagle of Lanesboro and Mr. A. Roseland of Whalen, Minn.

May Harris, managing editor of the Star-Republican, spent last Sunday with his relatives at Houston.

Carl Hellrud and Albert Steeland were La Crosse visitors Monday.

J. G. Robertson and family were visitors at La Crosse the first of the week.

The Rushford ball team will play against Houston, Tuesday, July 1.

Mrs. T. M. Lee of this city has had as a guest her father, Mr. Ole Newhouse of Spring Grove.

Alfred Sundby is spending his summer vacation with home folks here.

Arthur Maland and his bride, who have been spending a few weeks here with Mr. Maland's relatives, have departed for their home out at Rushford, Sask., Canada.

Francis Smith, a student of the University of Minn., has returned to his home here for the summer.

Helmer Peterson took a carload of stock to Chicago last Sunday.

A former Rushford lady, Mrs. Mary Wangness, whose home is now in Cottonwood, Minn., is the guest of her many relatives and friends in this city.

Master Royal Parish of North Rushford has a guest his cousin, Leonard Jorgenson, of Houston.

Mrs. Dan Eggen and children of Dubuque, Iowa, are the guests of their relatives here.

Martin Nelson, accompanied by Mrs. Nelson and Mrs. C. A. Smaby, went to Houston last Saturday.

Mack and Donald Webster made a trip to Minneapolis one day the past week.

Archie Webster and bride, who arrived in Rushford last Wednesday noon from their wedding trip in the eastern states, have started house keeping in the Hallihan flat on Mill street.

Olaf Berg, train dispatcher on the Dubuque division of the Milwaukee railway, went through here on No. 22 last Friday.

Dr. Maglesson visited Whalen professionally Tuesday.

Mrs. Rich and daughter, who have been spending some time at the Thos. Kierland home on Stevens avenue, accompanied Mr. Rich home to Chicago last Tuesday.

Dr. Ophelm and daughter Louise of Chicago were down from that city to attend the funeral services of the late Mrs. S. T. Gjernes.

Mr. John McLeod has been elected president of the Old Settlers' union at their recent meeting at Harmony. The Old Settlers' and Old Soldiers' union is also included in that of the Old Settlers.

The Misses Alice and Marie Heiberg, former Rushford ladies, are visiting friends here. Miss Alice is a music teacher at Lanesboro and Miss Marie is from Milwaukee.

Chief Train Dispatcher Al Berg, accompanied by Mrs. Berg and their daughter Helen, were the guests of their many relatives here this week, being enroute to their home at Madison, S. D., after a two weeks' visit to the coast.

Mr. and Mrs. D. Philbrick, who 17 years ago were Rushford citizens, are now the guests of their old friends again.

Mr. and Mrs. Will McCormick, Dan McCormick and Mr. and Mrs. Will Krockow went by auto to Spring Grove last Sunday and spent the day with Mrs. McCormick's sister, Mrs. Martin Ristey.

Mr. and Mrs. Abrahamson were visitors at La Crosse last Tuesday.

The ice cream social given by the ladies of the Presbyterian church at the newly finished church basement Thursday evening, June 26, was well attended. A somewhat lengthy program was given.

Rushford will cross bats with Mabel on the former's diamond July 4.

Mr. Charles Nicholas, manager of the Elite theater, will have for the Thursday evening (June 4th) photo-plays, the Rushford vs. Mabel ball game. This is the first time that we have had the privilege of seeing films taken from Rushford scenes.

Hilton Green, a son of Mr. and Mrs. Charles Green of Brooklyn was taken to a La Crosse hospital Friday for an operation for appendicitis. At last reports he was progressing nicely and his parents hope to be able to bring him home before very many days.

This city will be the scene of a very impressive ceremony Monday, July 30, when the cornerstone of the new Masonic temple will be laid. Grand lodge officers and members of a number of lodges nearby have signified their intention to be here, among others being the Winona lodge, which is expected to send a large delegation, many of the members having autos in which to make the trip. Wm. H. Laird of Winona will have charge of the ceremonies, being assisted by other officers. They plan to leave Winona at 10, taking dinner in this city, the exercises being held at 2:30 p. m. and leave for home at about 4 o'clock. Ample entertainment in the way of meals and lodging is promised for all who visit us that day and we hope to see a good turnout from all around.

**INDIANA FAMED MAN GOT MONEY**

(Continued from First Page.)

Life, all accused by Mulhall of having been chief instruments of the American Manufacturers' association in getting their particular legislative "pets" put through congress. The senators and representatives, who, Mulhall said, "the association had no difficulty in reaching and influencing" number some of the most prominent men in the country and lesser lights, notably ex-members of the house, who Mulhall says had their campaigns financed by the association, stretch from the Atlantic to the Pacific.

Overman said he expected to receive all documents which Mulhall alleges support his charges.

These documents are chiefly in the form of copies of letters which Mulhall declares he has kept since he first began to represent the National Association of Manufacturers in Washington and other places. In some instances, according to the narrative, money was poured into the treasuries of state organizations to aid in election of men favorable to the association.

Kirby Denies Story  
SAN FRANCISCO, June 30.—"Mulhall was dismissed by National Association of Manufacturers for unreliability. His business was to look out for the association's interests, generally getting new members. He never, with my knowledge or consent, was engaged in influencing legislation of any sort for the association."

This was the statement made today by John Kirby, Jr., president of the Association of Manufacturers, when his attention was called to the "confession" made in Washington by Colonel M. M. Mulhall, former employee of the association.

Kirby, who is here, prepared to sail for New Zealand tomorrow, said he would sail on schedule time unless subpoenaed to appear before the lobby investigating committee in Washington. He will postpone his trip if subpoenaed. He said he expected to be in New Zealand and Australia only one month and would be glad to appear before the senate probers on his return. He welcomed a congressional investigation, he said.

David M. Parry, former president of the association, said he also would be glad to appear before the lobby committee, if summoned.

WASHINGTON, June 30.—Partial confirmation at least of the charge made by Colonel Mulhall, "confessing lobbyist," of the attempt to approach Samuel Gompers, head of the American Federation of Labor, was given at federation headquarters today. Attention was called to the proceedings of the federation at Norfolk, November 11 to 23, 1907, in which Gompers told in great detail of being approached by an individual who said that his name was Brandenburg and claimed he represented President Van Cleave of the N. A. of M.

Gompers in open convention told the federation that Brandenburg had informed him that he had secured, as the agent of the N. A. of M., evidence reflecting upon his moral character, which he promised to suppress if he (Gompers) would agree to tell what he knew about the private life of the other members of the official board of the federation.

Gompers told the convention how Brandenburg, on, hoping to land Van Cleave in a Chicago to members of the executive committee, it was impossible to get into arranging private interview, plot might be dis-

## LAY DISSOLUTION PLAN BEFORE JUDGE

Method Approved by Wilson and McReynolds Put Up to the Court

**PLAN A BIG TRUST COMPANY**  
\$88,000,000 of S. P. Stock Held by U. P. to Be Managed by Holding Company

ST. PAUL, Minn., June 30.—Bearing the O. K. of President Wilson and Attorney General McReynolds, the Southern Pacific Union Pacific merger dissolution plan was presented to the federal court here today. It provides for sale of \$38,000,000 of Southern Pacific stock to the Pennsylvania railroad and acceptance by the Union Pacific in return of \$42,000,000 stock in the Baltimore & Ohio railroad; the balance of Southern Pacific stock held by the Union Pacific to be held by a trust company not voted except at direction of the court and with the privilege of shareholders disposing of their interest or accepting Southern Pacific stock.

**The Plan**  
In detail the plan provides: Sale of \$38,292,400 Southern Pacific stock to the Pennsylvania railroad for \$42,547,200 in Baltimore & Ohio stock.

A trust company to hold the remaining \$88,000,000 Southern Pacific stock and undivided dividends thereon.

The trust company prior to November 1 to offer pro rata to all Union Pacific stockholders the right to subscribe to certificates of interest representing Southern Pacific shares. By January 1, 1916, certificate holders may receive the number of shares of Southern Pacific stock represented by their certificate of interest, with dividends from April 1, 1913, without interest, provided the certificate holder makes affidavit that he claims the shares in his own right and is not acting for any stockholder of the Union Pacific.

**May Sell After 1915**

After January 1, 1916, the trust company may, at the direction of the court, sell outstanding certificates and proceeds to the lawful holder.

The trust company at all times to be under direction of the court and to apply to it for instructions at frequent intervals. Attorney General McReynolds submitted a brief approving the plan. He holds that the exchange and transfer of stock to the Pennsylvania railroad "obviously goes to separate" the merged railroads and divests the Pennsylvania of a large amount of the capital stock of an active competitor and thereby remedies a highly objectionable condition.

**ALLEGED ROBBER RELEASED**

Robert Carman, of Rock Island, Ill., arraigned in county court today on a charge of highway robbery alleged to have been committed on Frank Whitewater, an Indian, was released by Judge John Brindley today for lack of evidence. Whitewater was held up and robbed at the Barron island end of the Mississippi wagon bridge a week ago Saturday and Carman was arrested by the police after an automobile chase. Whitewater today in court was unable to positively identify Carman as the man who robbed him.

**ARKANSAS TO HAVE NEW GOVERNOR SOON**

Judge George W. Hays.

Having carried the recent Democratic primaries, Judge George W. Hays of Camden, Ark., will be the next governor of that state. A Democratic nomination is equivalent to an election in Arkansas. The regular election will be held July 23.

Hays will be the fourth governor Arkansas has had since January 15, when Congressman Joe T. Robinson resigned his office to become governor. When Robinson quit as governor to become senator, W. K. Oldham, president pro tem of the state senate, became governor. A few weeks later J. M. Futrell was chosen president pro tem of the state senate and he thus became the state's chief executive. He is now serving in that capacity.

## MAN FOUND DEAD ON GOOSE ISLAND

Henry Salzman Succumbs in Shack; Dead More Than Week When He Is Discovered

Attracted by swarms of insects about the apparently deserted cottage, Herman Jaekel, 920 Redfield street, and Frank Kreutz, 930 Denton, who landed at Goose Island yesterday morning, discovered the badly decomposed body of a man in the shack belonging to E. G. Wimmer of this city. The young men were on a fishing trip and they noticed that something was wrong as soon as they landed on the island. They did not recognize the dead man but they called up Mr. Wimmer as soon as they returned and notified the police. It was then learned that the dead man was Henry Salzman, formerly employed as a butcher on the north side and familiarly known as "Sweetzer Henry". He is sixty-eight years old and as far as can be learned has no relatives.

Salzman was employed and taken to the island a week ago Thursday by Mr. Wimmer. He intended to cut brush and prepare for the haying which was to commence tomorrow. He evidently died the same night he was left there by Mr. Wimmer as he had done none of the work and his body was in a bad condition when found. It is believed that he died of heart disease. According to a statement by Mr. Wimmer today, Salzman was apparently in good health and spirits when he left him at the shack and he was greatly surprised to learn of his death. He was extremely vigorous for his age. He was well supplied with provisions, only about one day's rations of which had been used. The theory that he may have become oppressed by loneliness and committed suicide is scouted by his friends because of the fact that he has spent several years at the same work and professed to enjoy it.

He has been employed by Mr. Wimmer at times for the last two years. The officials of Vernon county were notified by the local police and the coroner was expected to view the premises today. It is probable that Mr. Wimmer will bring the body to La Crosse for burial.

## PLAN RACES FOR FOURTH OF JULY

Races to Be Held for 12-Mile Boats and for the Speedier Craft

At a meeting this morning officials of the Motor Boat club decided to hold two races at 6:30 and 7:30 p. m. July 4, the first for all boats whose speed up stream does not exceed 12 miles, and the second free for all. Prizes will be offered and entries should be telephoned to Horace Holley, State bank. Commodore Fairbairn appointed: Race committee, George Rose, Jr., Theo. Thompson, W. V. Kidder, Robert Henry and D. S. Fairbairn; judges, Rose, Kidder and Holley. Complete details of prizes will be announced later.

## GATTERDAM'S SON JOINS THE FIRM

Dr. J. H. Gatterdam, Graduate of Marquette, Goes Into Business with His Father

Dr. J. H. Gatterdam, son of Dr. E. A. Gatterdam, one of the best known dentists of this vicinity, today went into business with his father in the offices Third and Main streets. Dr. J. H. Gatterdam was a member of the 1913 graduating class at the Marquette university of Milwaukee and he came here to enter the firm at the end of a short vacation. He is a graduate of the La Crosse high school of the class of 1910, and is well and favorably known among the younger set of the city.

Marquette bears the reputation of one of the best dental schools in the country and Dr. Gatterdam will be able to take a large part of the firm's business burdens from his father's shoulders.

## GIRL'S BODY FLOATS 16 MILES

After floating a distance of about sixteen miles the body of Clara Plechowski, the twelve year old girl who was drowned at Winona a week ago yesterday, was discovered twelve miles above La Crosse Friday by O. U. Pratt, a fisherman. The girl was drowned when she was drawn into the current of the river by a wave from the steamer Sidney which was returning with an excursion party. The funeral was held in Winona today.

## BLUE MEETS GRAY AT GETTYSBURG

Armies of Veterans Come Together in Peace on Scene of Fierce Battle

**MORE THAN 30,000 ARE THERE**  
45,000 Expected to be Present When the Formal Celebration Begins

GETTYSBURG, Pa., June 30.—Fifty years ago today the armies of the north and the south, both near Gettysburg, did not realize that on the morrow they would start an engagement that would go down in history as one of the greatest conflicts of all time. Neither did they dream that today—fifty years after—the remains of these two great armies would meet on the same field, sleep in adjoining tents and take food from the same mess tent. But that great battle was fought and most of what remains of those two armies is here today. More are arriving hourly for one of the most remarkable celebrations in history.

More than 30,000 of the veterans had arrived here today and by night it was expected that the full 45,000 counted upon would be on the ground. It was evident that they all took supreme satisfaction in getting ready for the formal anniversary of the battle. Little knots and groups of uniformed veterans, wearers of the blue and gray, fought over again the great struggle. The past had buried its animosities.

Tomorrow there will be regimental, brigade and corps reunions and a formal program commemorating the commencement of the battle.

## TWO DROWNED IN THE MISSISSIPPI; TWO ARE SAVED

(Continued from First Page.)

bank of the river. They located their temporary camp on the west bank of West Channel about midway between the La Crosse road bridge and the Riverside camp at the head of West Channel. The members of the party were Mrs. Theresa Stein, the aged mother and grandmother of the two victims of the river, Mrs. Peter Stein, married but five months to the man who gave his life to save his sister and her children, Mrs. Louisa Pierce and her two boys Warren and Biford, who came here from their home in Los Angeles, Cal., to visit her mother, Mrs. Stein, Henry Stein, brother of the drowned man, and William Reploger, a boarder at the Stein home, 823 South Sixth street.

At 3 o'clock in the afternoon Mr. Reploger in answer to the pleas of the children consented to take the boys and their mother across to the tempting sandbar where they expected to spend an hour wading and swimming in the cool water. Peter Stein, said to be a good swimmer, went along to guard the party from danger. They landed on the sandbar, the three boys shedding their clothes as they ran toward the shallow water on the other side. Stein stripped to his underwear, while his sister Mrs. Pierce prepared to wade near where the boys intended to swim.

## Mother Attempts Rescue

The sandbar, low and flat, sloped innocently toward the east bank of the channel forming a little bay. It was this bay that the boys chose for their plunge. The first intimation of tragedy came in the startled cry from Mrs. Pierce, "My God, my boys—they are drowning." Mrs. Pierce ran with the swiftest of mothers or love into the water where the two boys were struggling for life. She stepped off into the deep water in the same way her boys had gone. Peter Stein plunged in after his sister and managed to keep her head above the water while he added his shouts for help to the screams of the woman and boys. Henry Stein was able to regain the shallow water and finding a piece of plank about three feet long, he threw it to his nephew Biford Stein. Biford clung to the plank and was saved. Warren Stein never came up after stepping off the edge of the sand bar.

His sister's weight and struggles took the strength of Peter Stein and he was unable to reach shore. After a heroic struggle he loosened his hold and sank. Mrs. Pierce's skirts probably helped sustain her until the frantically driven boat carrying Gus Peterson arrived. She was unconscious when Peterson clutched her hair and pulled her ashore.

The tragedy enacted on the sandbar was in full sight of Mrs. Theresa Stein, the grandmother, and Mrs. Peter Stein, the bride of five months. They stood on the opposite bank screaming their fear but unable to reach the loved ones drowning before their eyes. The water at the "step-off" is fifteen feet deep.

The unconscious body of Mrs. Pierce was carried in a boat to the Y. W. C. A. camp where she was revived after an hour's work. She is in a serious condition.

**Pulmotor Unavailing**  
City Health Commissioner Dr. J. M. Furstman, who is camping at Riverside camp, attracted to the scene by the screams of the two women below his camp, ran to his cottage and telephoned to the police of this city. He then hastened to the sandbar to attempt resuscitation when the bodies were recovered. Chief of Police John Webber and Patrolman Mike Britton leaped into the department automobile with the pulmotor, and drove the machine to the La Crosse road bridge.

Albert Wickert, a fisherman, raised the body of Peter Stein after

## KLEEGER RESIGNS LABOR BUREAU

Office to Be Continued Under Superintendency of Mrs. Clara Stathem After July 1

Judge Leonard Kleeber, for more than two years superintendent of the La Crosse branch of the Wisconsin Free employment bureau, today announced that he has resigned his position to take effect tomorrow. The office will be continued under the management of Mrs. Clara Stathem, who has been the assistant superintendent for the last year. Mr. Kleeber declared that he wished to thank the public of La Crosse for the earnest support he has received in his industrial work and urged the employers as well as the workers of the city to co-operate with Mrs. Stathem in her continuation of the work.

Judge Kleeber was appointed superintendent of the labor bureau two years ago last February and has seen the work increase to many times its original proportions. The policy of economy adopted by the state commission prevents the enlargement of the force here and at Oshkosh and each office will be run hereafter under one person.

Mr. Kleeber will again take up his law practice and justice work in his former office in the Beck building, Fourth and Main streets.

about an hour and a half, by catching his fishing tackle in the dead man's underwear, but he was unable to get the naked body of Warren Pierce. Stein was laid on the sandbar, where Dr. Furstmann made every effort to revive him. Chief Webber and Patrolman Britton arriving in a boat with the pulmotor. They worked the machine for an hour on the body but the lungs were filled with water and it was impossible to start the circulation.

## Diver Finds Body

In the meantime a crowd had collected and several boats were used in the search for the other body but without results. Finally W. J. Pillman, an employee of the government fleet, dove from the end of a boat and found the body at the first attempt. The boy had been the water more than two hours and was pronounced dead by Dr. Furstman. No attempt was made to revive him with the pulmotor.

The two bodies were taken in a boat to the bridge and from there to Miller Brothers' undertaking parlors in La Crosse.

The double funeral will be held from the home, 823 South Sixth St., tomorrow afternoon at 2:30 o'clock. **Thirteen Dead in Milwaukee.** MILWAUKEE, June 30.—Seven deaths that have occurred since 10 a. m. Sunday are directly traceable to the heat, according to the records of the local police today, the fourth day of the present heat wave. One person died in Milwaukee shortly before noon, swelling the total toll of dead to thirteen. The officers have lost track of the prostrations. More than a score of prostrated patients are in hospitals, and conservative estimates place the total number of prostrations as between 50 and 70. Of the dead two lost their lives by drowning.

broke many important strikes through its agents and spies and by corrupting minor labor leaders with money. Hines, the Wisconsin lumberman mentioned in the Lorimer case, is named as one of those who had dealings for the association.

The charge against Judge Jenkins, who was defeated by Lenroot, is that he received money through Colonel Mulhall as agent of the association, and through Edward Hines, of Lorimer fame, during the campaign in which he lost his seat. The Chicago Tribune, which exclusively published the story Sunday, prints facsimiles of letters from Hines to Mulhall urging the payment of more money into the Jenkins campaign fund. The sum mentioned was \$1,000. Following are the letters and telegrams:

"One of your representatives, Mr. Mulhall, was here a short time ago, and discussed confidentially the conditions at West Superior, Wis., in regard to the candidacy of the Hon. John J. Jenkins, for renomination for congress, as having a hard fight for his renomination in that district, his opponent, Mr. Lenroot, living at Superior. He promised at that time to send us \$1,000 which I was to personally see went into the right channel to be used for legitimate campaign purposes for Mr. Jenkins. I have not heard from him since. I have just had a long distance telephone message from Superior stating that it looks very doubtful for Jenkins, all his local friends have exhausted their means in his behalf. Of course you appreciate how important it is to lend this case assistance at this trying moment. If you will arrange to send the money here I will be pleased to see personally that it gets to the right people where it will be used legitimately for that purpose alone.

"Yours truly,

"EDWARD HINES."

## MILITANTS BURN SCOTLAND'S PRIDE

\$500,000 Ballinkrain Castle Near Glasgow Is Destroyed; Women Blamed

**START RAID ON CABINET OFFICES**

Sylvia Pankhurst Incites Crowd to Battle with the Police

GLASGOW, June 30.—Ballinkrain Castle, near here, costing \$500,000, was almost entirely destroyed by fire. The blaze apparently was of incendiary origin and militant suffragettes are suspected of the outrage.

The Leuchars railway station near St. Andrews was totally burned today and suffragettes are blamed for that fire also.

Ballinkrain castle for years has been one of the show places of Glasgow. It was one of the costliest residences in Scotland and was palatial in furnishings and appointments.

LONDON, June 30.—Fourteen days each in jail was the sentence imposed in Bow street police court today on the five persons arrested in yesterday's fierce suffragette demonstration in Downing street, where the cabinet ministers have their official residences.

Miss Sylvia Pankhurst led the raiders, addressing a gathering of 4,000 men and women from the base of the Nelson monument in Trafalgar Square. She told them that the infamous "cat and mouse" bill was killing her mother by inches and demanded what her hearers were going to do about it. Immediately the crowd surged down Whitehall to the entrance to Downing street, where a cordon of police repulsed them, took away their banners and arrested five.

Louis will you give any aid or not answer.

"EDWARD HINES."

The Tribune announces that Colonel Mulhall has in his possession copies or originals of the letters and telegrams he sent and received when in the employ of the association, which corroborate his charges. The colonel has been subpoenaed to appear before the senate committee probing the lobby on July 7th.

**Tried to "Bribe" Gompers**

Another feature is that two men trailed Samuel Gompers, president of the American Federation of Labor, for many months in an effort to bribe him to betray unionism and cease all real agitation for labor legislation in Washington. Mulhall says that a \$40,000 bribe was turned down by Gompers and that afterwards John Mitchell and Frank Morrison, vice president and secretary of the association, were vainly approached with bribes.

Mulhall asserts that he took part in the 1906-08 Maine campaign, in which he worked for the election of Charles E. Littlefield. Littlefield posed as the temperance representative in that campaign, but Mulhall declares that in some sections of Littlefield's district whiskey was freely used to keep opposition voters too drunk to go to the polls and that one of Littlefield's managers told him that 135 democrats had been in a vacant ice house in the vicinity of the bay and that they had been kept drinking the whole day through. Mr. Mulhall says the campaign cost the association here about \$60,000.

### SUGGESTIONS FOR TRANS- FERRING THESE PATTERNS.

THE window pane method is perhaps the simplest and is particularly successful when the material is thin such as batiste, lawn, or handkerchief linen, the best plan is to pin the sheet of paper and the material together and hold them up against the window pane and with a sharp pencil trace the design on the fabric, or else lay the material on the pattern on top of a table or other hard surface, and carefully trace the design with a well pointed pencil, the design may also be transferred to heavy material by using a piece of transfer or carbon paper, to be placed between the pattern and cloth, using a sharp pointed pencil to secure a clean line.

No. 734. Design for Embroidering a Low Neck Corset Cover.

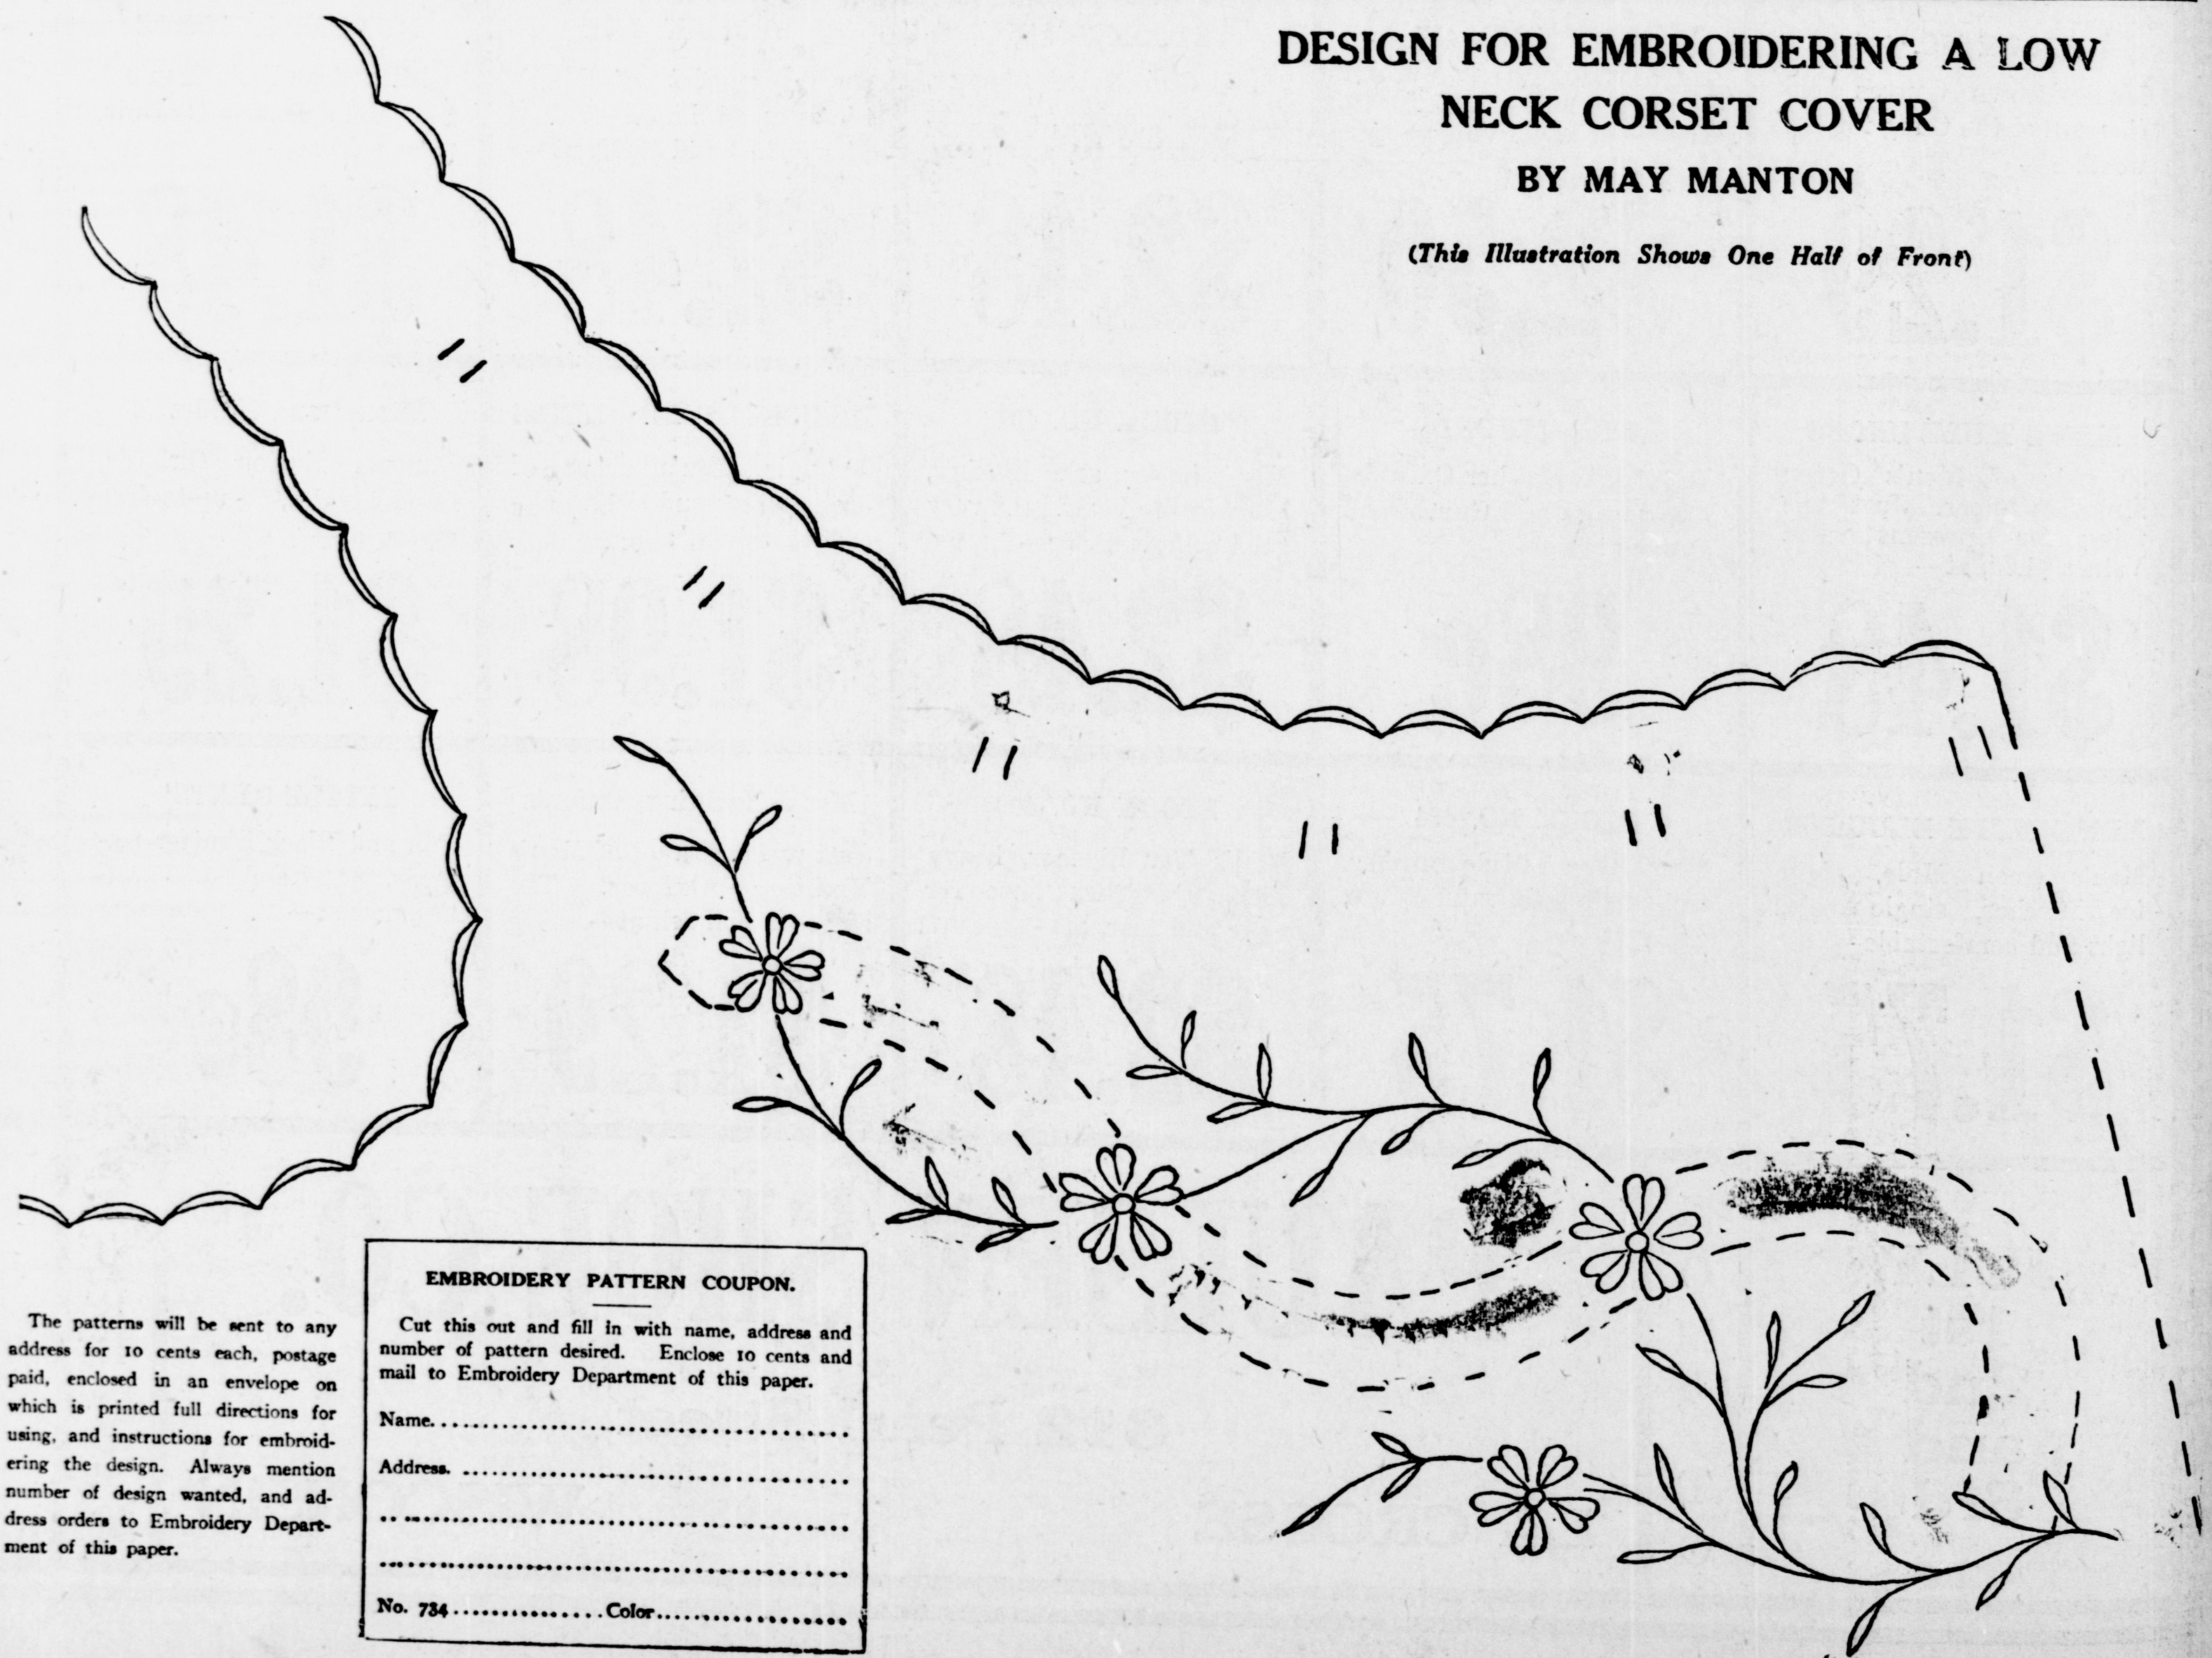

The scalloped edges are to be padded and button-holed. Lace is designed to be applied between the dotted lines and the flowers are to be embroidered over it. The flowers are to be worked in Wallachian stitch with centers as eyelets or to be outlined in over and over stitch. The leaves can be worked as eyelets or solidly and the stems are to be outlined.

TRANSFER EMBROIDERY PAT-  
TERNS SUPPLIED BY MAIL  
10 CENTS EACH.

FOR the benefit of our readers who prefer transfer patterns to work by instead of tracing the design on this page by any of the methods which we have suggested, we have arranged to supply patterns of any of the embroidery designs which are featured, for 10 cents each.

These patterns are transferred by the hot iron process, which is the simplest method that has yet been devised for effecting a perfect transfer. All that is necessary is to lay the pattern on the material and press over the entire surface with a hot iron when a perfect transfer will result.

The patterns are supplied either in blue or yellow so that they can be used on light or dark colored material. In ordering state what color is desired.

## Foreign Markets

New York Stocks NEW YORK, June 30.—The stock market opened dull and lower.

11 a. m.—The market recovered sharply as soon as pressure was removed and there were indications that a large number of shorts had become nervous and would soon be driven to cover.

The recovery of the market was attributed to improved conditions in the wheat market. Large interests seemed inclined to take the bull side.

Noon—The market was quiet. 2 p. m.—The market sold off slightly during the afternoon.

The stock market closed heavy.

Chicago Grain Review CHICAGO, June 30.—Encouraging news from the northwest, prospects of rainfall and lower Liverpool cables all influenced selling in the wheat pit today and prices were weaker at the outset, suffering further decline of 1-4c during the morning. Noon found each month 1-2c below Saturday's closing prices.

Scattered rains over portions of the corn belt and promise of more tomorrow caused a slump in corn prices. At noon the market was 3-4c under Saturday's close.

Oats market started lower with the other grains, but on the dip commission houses bought freely and there was a recovery to about the prices that prevailed at the close of last week.

Provisions were steady and a shade higher on slightly hog prices at the yards.

The entire grain list suffered further slump in the afternoon, oats going down with wheat and corn and closing prices were about low for the day.

Provisions firmed later in the day and closed above the day's opening.

## Watching The Scoreboard

Pittsburg is again in search of spare runs. They outthrew the Cardinals 9 to 5 but when the latter drew four safeties in the sixth inning, a batter was hit and a wild pitch uncorked, it was enough to nose out the Pirates by one run.

C. W. Murphy is probably prepared to pass some unkind remarks in the

general direction of ex-Cub Joe Tinker. Manager Joe and his Cincinnati Reds made it four out of five from the Cubs by taking yesterday's game. Marsans led in the Red attack with a triple, double and singles.

Sam Crawford broke a precedent by knocking the ball over the right field fence with two on at Navin field, saving up the game for the Tigers. Heretofore no one has considered it good form to attempt such a long swat.

Hal Chase broke up the Chicago-Cleveland game with a triple when

two six inhabited bases. It brought in the only runs scored by Chicago.

## EAGERNESS LOSES GAME FOR SUMMITS

GALESVILLE, Wis., June 30.—(Special.)—Trying to stretch singles into extra bas hits cost the Summits of La Crosse a close game here Sunday, although they outthrew the local boys better than three to one. The score was 2 to 1. The Summits had no trouble with Carroll, former Wiltona leaguer, and Kane was in phenomenal form. He fanned ten men. Carroll struck out seven. No scores were made until the ninth inning.

## ATHLETES PUNISH ONALASKA TWIRLERS

By pounding Onalaska's pitchers to all corners of the lot for 25 hits and 18 runs the W. B. U. Athletes won their seventh straight victory, the final count being 18 to 5.

Anderson did the pitching for the Athletes and pitched a good game, although he was touched up rather lively in spots. His team mates gave him perfect support.

Each of the Athletes hit safely at least once, Kabat leading with five hits to his credit while R. Hackner had four, Roeder, Evenson and G. Hackner poled out three apiece.

The game started out to be a hotly contested one until the fifth inning when the La Crosse boys by hard hitting and clever base running registered 9 times.

Christopherson starred with the stick for Onalaska, getting four hits.

The W. B. U. Athletes play at Galesville July 4th. Score by innings: R H E
